

Superintendent Update Wednesday, March 25, 2020

Due to the forthcoming update regarding the Covid-19 Orange County Disaster Declaration that will take effect Thursday, March 26 at 11:59 PM, we will be extending the Flexible Education Program through April 9. Please note that Friday, April 10 and Monday, April 13 are currently school holidays. Also, Tuesday, April 14 is scheduled as a teacher workday. If students are able to return, that first day back would be Wednesday, April 15. Vidor ISD will continue to communicate with parents to make sure you are informed about important dates. We will also be making further contact with parents regarding the best days to pick up assignments for students. Vidor ISD will maintain contact with parents, students and faculty through callout, website and Facebook. Once again, we want to encourage everyone to follow all safety precautions put forth to help with the spread of Covid-19 and observe the guidance set by the Orange County leadership.
