

2014 is the first year Vidor ISD has participated in the **Texas Comptroller Leadership Circle Award** program for transparency. During the 2014 calendar year, the program was enhanced by adding a top **Platinum Award** level to the existing three levels. **Vidor ISD** received the **highest rating awarded** by the Comptroller. This award was based on the accessibility of financial information presented on the District's website. Our goal was to provide on-line financial transparency of our books to the public; by providing a clear, consistent picture of spending; and by sharing information in a user-friendly format that helps our taxpayers understand how their tax dollars are spent.
