

2017-2018 VHS FACULTY AND STAFF HANDBOOK

This handbook must be followed in conjunction with the VISD Employee Handbook.

ABSENCES AND LEAVES

FACULTY AND STAFF - ABSENCES FROM WORK

You should notify the high school as soon as you determine it will be necessary for you to be absent from work. So that a substitute can be secured to take your place, staff will be required to call in or log in online to the Aesop Substitute Management Program. Ensure that you receive a confirmation number anytime you have to schedule a substitute. ***After 7:00AM, you must call the front office (951-8900) to schedule a substitute. Do not leave voicemail or email the front office to schedule a substitute.***

STAFF RESPONSIBILITIES

ATTENDANCE RECORDS AND PROCEDURES

Our funding from the state depends on average daily attendance or ADA.

- If a student is not in your class for at least 25 minutes, mark him absent. If you have a **double blocked** class, the student must be in attendance for at least 50 minutes to be marked present.
- If they bring back a doctor's note then there is a possibility that the absence in your class will be removed by the attendance office.
- Second period (10:00 A.M.) is very important because this is when a student is counted for ADA which affects our funding! **Please be careful marking second period (10:00 A.M.) rolls!**
- After each six weeks period is over, rolls are to be signed and turned in to the office to be filed. You may sign your rolls as soon as you receive them. Rolls are subject to be audited by TEA for up to 5 years. We must keep them on file and be able to present them on request.

CARE OF CLASSROOMS

A teacher is responsible for the condition of the classroom and its equipment at all times. Prior to the close of each period and before the close of school at the end of the day, teachers should hold students responsible for leaving the room clean. If more than one teacher uses a classroom, this becomes the responsibility of all the teachers using the room. On leaving the room for the day, teachers will turn off computers, projectors, etc., turn out all lights and close and lock all doors.

CLASSROOM AND HALL DUTIES

Teachers are to be in the classrooms no later than 7:45 a.m. each morning. All teachers are charged with the responsibility of supervising students during class changes. Stand by the door of your classroom at the beginning and end of each class period. Keep the students seated in the classroom until the dismissal bell rings.

CONFERENCE PERIODS

A conference period has been scheduled for each teacher. This time may be used to meet with the parents of your students, discuss problems with staff members, attend ARD meetings, make lesson plans, and grade papers. If you leave campus during the day you must sign out in Mrs. Kincheloe's office. Write the exact arrival and departure times.

CORRIDOR PASSES

Any student leaving your class for any reason must have a hall pass signed by you indicating the time and destination.

Principals and counselors use an **Office Request** form when requesting a student from your class. Please note on the form the time you permitted the student to leave your class and your initials. This helps us keep up with our students more efficiently. Only one student should be given a teacher's hall pass at a time except in emergencies. **Students should be kept in class and hall passes should be the exception, not the rule.**

CUSTODIAL NEEDS

Mr. Maines coordinates custodial and maintenance needs. Contact Mrs. Kincheloe or Mrs. Hester, who is in charge of the custodians, when you have a custodial or maintenance request.

SUPPLIES

All teachers get their supplies from their department heads. This includes all computer and printer supplies. All supply purchase orders must be submitted to your department head and submitted through Skyward.

COMMUNICATION

Staff should use professional judgement when communicating with via social media. Staff social media comments and profiles are often seen as a reflection of the campus and district.

TEACHER – STUDENT COMMUNICATION

Teachers and other approved employees are permitted by the district to communicate with students through the use of electronic media within the scope of the individual's professional responsibilities. For example, a teacher may set up a social networking page for his or her class that has information related to class work, homework, and tests. Parents are welcome and should be encouraged to join or become a member of such a page.

An employee described above may also contact a student individually through electronic media to communicate about items such as homework or upcoming tests.

However, instant or text messages sent to an individual student are only allowed if a district employee with responsibility for an extracurricular activity needs to communicate with a student participating in the extracurricular activity regarding that activity. ***The employee is required to include his or her immediate supervisor and the student's parent as recipients on all text messages.***

TEACHER – PARENT COMMUNICATION

Parent communication logs should be turned in each 6 weeks to your evaluator and/or your students' grade level principal and counselor. Concerns with attendance, behavior, grades, etc. should be communicated with parents and students as they arise.

GRADES

VIDOR HIGH SCHOOL GRADING POLICY

The educational philosophy of Vidor Independent School District is that students' grades reflect mastery of the course content. To best serve the needs of the students, it is important for the following to occur:

- The faculty and staff to keep an open line of communication with parents

- Students have the right to expect feedback on daily and major grades within a reasonable amount of time • Students should be aware of their grades in individual classes at all times
- Student shall make up assignments and tests after absence.
- Teachers will call the parents or guardian of students who fail a 6 weeks grading period. **Parent contact forms will be turned in to your evaluator each 6 weeks.**

Grades are computed by the following method:

Grades:

Non-Core:	40% Daily	60% Test Grades	
Core:	40% Daily	50% Test Grades	10% Common Assessment

No grade in the 40% Daily category can count for more than 8%.

Semester Average:

$$\begin{array}{l}
 1^{st} \text{ six weeks } 2/7 \\
 2^{nd} \text{ six weeks } 2/7 \\
 3^{rd} \text{ six weeks } 2/7 \\
 + \text{Semester test } 1/7 \\
 = 7/7
 \end{array}$$

- A minimum of 6 daily grades is required.
- A minimum of 3 major grades is required.

The following are recommended definitions:

Core courses (per six-weeks)

- A minimum of 6 daily grades is required.
- A minimum of 2 major grades is required.
- One common assessment

Non-core courses (per six-weeks)

Daily Grades – “guided practice”, may include skill, written or oral practice, participation in class discussions or projects, daily lab, short written reports. Daily grades also include “independent practice” such as homework.

Major Grades – the culmination of a unit, chapter, concept or set of related objectives covering several days work. This may include in depth book reports, projects requiring several days’ preparation, research papers, chapter tests, unit tests, skill tests, or cumulative lab projects.

Any project, including a research paper, counting as a Test/Major Grade is subject to the Retest Policy.

Semester tests will be scheduled. Teachers and students are to adhere to this schedule and cannot reschedule exams without permission from the principal. Teachers are to turn in exams to their department heads on the dates designated. All exams will be kept in the principal’s office.

RETEACH AND RETEST

Non-mastery of objectives as indicated by a test grade of less than 70 demonstrates that a student must receive additional instructional input in the form of individual instruction, additional assignments, peer tutoring, homework, tutorial or practice, etc. A retest grade must be given for any student who fails to demonstrate the necessary 70% mastery on tests, excluding the semester test. **An opportunity to retest is not given in any AP &/or Pre-AP class.** This retest may be given before school, after school, during lunch, etc. The average of the failing grade and the retest grade will become the new grade but not to exceed 70. For example, if the failing grade is 60 and the retest grade is 90, the average of the two is 75, but a 70 is the recorded score.

Students have one week from the date that they receive their grade to take a re-test. Any project counting as a Test/Major Grade, including a research paper, is subject to the Retest Policy.

TUTORIALS

All teachers who teach an academic class, elective or required, are responsible for tutorials for their students. Tutorial times are from 3:50 p.m. to 4:15 p.m. **or** 7:45 a.m. to 8:10 a. m. each day. Teachers who are sponsors or coaches are not excused from tutorials. Tutorials must be offered four days of the week. You must offer at least one morning and one afternoon tutorial. Students need to be made aware of the tutorial times. **Students will not be penalized for attending tutorials by any extracurricular activity. This includes demerits, extra running, derogatory comments, etc.** Tutorial documentation logs will be turned in to your evaluator each 6 weeks.

GRADE BOOK

It is extremely important that you maintain legible records of grades earned by the students. The recommended procedure is to make a distinction between daily work and homework and test grades. This will help someone who might have to interpret your grades at a later date.

Students should be informed during the grading period of items which are to be counted in his/her grade, the relative importance of each item, and the grades which he/she has received. This practice does much to eliminate surprise, misunderstanding, and the feeling of unfair treatment. The student should know during the grading period what grade he/she is earning. **Grades should be entered into Skyward weekly.**

MAKE UP WORK

Make-up work and examinations will be given to a student and should be completed by the student within a reasonable length of time after returning to school. Students are to be given a number of days equal to those he/she was absent plus one in order to complete the missing assignment(s).

REPORT CARDS/PROGRESS REPORTS

Official report cards are issued to students each six weeks. Specific information for preparation of report cards will be placed in your boxes at the appropriate time. Progress reports will be sent at three weeks. Please see Mrs. Powell if you have any questions.

Incompletes must be cleared within 7 days of the closing of a 6 weeks grading period. After 7 days, the "I"/Incompletes from the previous 6 weeks must be changed to a 0.

If a student moves/transfers in to your class and a grade is not been sent from the counselor within 10 days, please make the student's grade a 0 for the missing grading periods. (If a student is completing credit recovery, then the grade will be changed when the student has completed credit recovery.)

LESSON PLANNING

LESSON PLANS

Each teacher is required to have his/her lesson plans for the week on file with Eduphoria, no later than Monday morning each week. These lesson plans should include enough information so a substitute would be able to

conduct the class. The substitute folder should be up to date with lesson plans. The lesson plans should be coded with TEKS. Failure to maintain lesson plans may be reflected on your summative evaluation.

Each week teachers should incorporate one creative writing activity and one cooperative learning activity into their lesson. Please document on your weekly lesson plan what you are doing and when.

Ex-students should not be visiting during instructional times, as this may become a distraction and deter from the learning environment of your classroom. Please remind any visitors that you have that they are not to wander upon leaving your room.

If you see someone on campus without a visitor's badge, please offer to assist them and/or notify the office immediately.

DISCIPLINE

DISCIPLINE MANAGEMENT

- Acute classroom/hall disruptions are to be handled by writing a referral through Skyward and sending the student to the assistant principal immediately.
- If the acute disruption or insubordination occurs in your classroom, it is the responsibility of the teacher to contact the student's parents within a 2-day period. After parent contact, the teacher should document and give a copy to the appropriate assistant principal.
- Chronic or developing classroom discipline problems should be handled at the classroom level whenever possible. If these measures are unsuccessful, the teacher is to contact the parent(s) before sending the student to the office. If an office visit occurs, please document the date of parent contact on the referral.

The purpose of this contact is to meet the following goals:

- Attempt to eliminate problems before they progress so far as to require an office visit
- Actively engage the parents in the discipline process earlier in hopes of squelching problems earlier
- Develop consistent communication between the parent (s) and the teacher, again, in hopes of derailing potential problems earlier in the discipline management process
- Possibly learn about circumstances regarding the home life of the student, thus enabling the teacher to better understand/deal with the student
- Build better school to community relations

We feel it is imperative that the parents become more involved in the schools discipline management process. This may allow us to come to understand a particular problem or circumstance involving the student, therefore, enabling us to better deal with the student.
